Simulation-based Training Sessions

Course Director – Dr Adrian Boyle

This half day session is directed at consultants and senior trainees who want to learn how to teach in the simulation centre.

The skills are generic to any acute care specialty

This course aims to:

- Introduce simulation in medical education
- Share hints and tips for successful simulation teaching
- Outline successful debriefing

The course will cover

- The difficult debrief
- Outline non-technical material

To book your place, please return the slip below,
This session will be an afternoon session.
